Assalamu Alaikum Wa Rahmatullahi Wa Barakatuh,

We are pleased to present this comprehensive update on our community's progress and developments. As we continue to grow and strengthen our community infrastructure, your continued support and participation remain invaluable. The projects and initiatives detailed below reflect our commitment to creating a vibrant, welcoming, and well-maintained house of Allah for all members of our community.

Special General Meeting Highlights

We are delighted to report the successful conclusion of our Special General Meeting,

marking a significant milestone in our community's governance. The meeting's key achievement was the endorsement of a

special project committee, which has been established with clear terms of reference. This committee will be instrumental in:

- Conducting comprehensive due diligence for the proposed funeral parlor project
- Evaluating financial feasibility and community impact
- Ensuring compliance with relevant regulations and Islamic guidelines
- Developing a sustainable operational model

The formation of this committee represents our commitment to transparent and professional management of significant community projects. We encourage members to stay engaged with this important initiative as it progresses.

Seniors Wellbeing Mashwarah: Building Stronger Community Bonds

We're thrilled to report on the success of our Seniors Wellbeing Mashwarah held on November 27th, which brought together approximately 55 valued members of our community. The gathering proved to be both productive and heartwarming, focusing on important initiatives to strengthen our seniors' connections to both the community and mosque.

Key highlights from our discussions included planning future excursions and developing strategies for visiting ill community members. A significant focus was placed on improving mosque accessibility through coordinated transportation arrangements, ensuring our seniors can maintain their spiritual connections with ease.

The evening was particularly special, thanks to the presence of our pioneering and founding seniors, whose wisdom and experience continue to guide our community. Their active participation in the general discussions added invaluable depth and perspective to our conversations.

The gathering concluded with a shared meal, providing everyone an opportunity to strengthen bonds and enjoy meaningful fellowship. These moments of connection remind us of the importance of maintaining strong community ties and supporting one another.

We extend our sincere gratitude to all brothers who participated, making this Mashwarah a true testament to our community's commitment to senior wellbeing. Your continued support and engagement help build a more inclusive and caring community for all generations.

Financial Transparency

We remain committed to transparent financial management and efficient resource utilization. The recent electricity rate negotiation demonstrates our ongoing efforts to optimize operational costs while maintaining high-quality services. The league was paying approx.41 cents for the energy bills. This was renegotiated by the supplier and a further 18 % discount has been provided. This was sign off for a 12-month deal from 20th Nov 24

Closing Dua

We ask Allah (SWT) to accept our efforts, guide us in our service to the community, and grant us success in all our endeavors. May Allah (SWT) protect our community and increase us in unity and brotherhood.

Jazakum Allahu Khayran
